

Group healing session "Divine Healer" healing

Thursday 13th October 2022 - 8.30 pm (1 h) CET - Madrid

What is it?

The "**Divine Healer**" healing will act on physical, mental and physiological issues. It is a true energy of **love** that surrounds us, from head to toe.

It has many benefits such as:

- release and transmute our old energies (fears, anger, limiting beliefs, etc.),
- reconnect to abundance, compassion, health, happiness, etc.
- harmonize, purify and recharge our chakras and our subtle bodies
- and much more...

How to register?

Registration is done via the "**Events**" section on my website **www.lenilight.com**

If you are registering more than one person, make sure they are aware and consenting please.

Only registered people will be able to benefit from the treatment.

Closing date for registrations

Wednesday 12th October 8.00 pm (CET Time)

What to do on D-Day?

On D-Day, make yourself comfortable in a sitting or lying position, making sure not to be disturbed. Close your eyes, cover up and let yourself go for 1 hour.

It is important **not to cross your arms or legs**.

You can place your hands on yourself or keep your arms by your sides.

if you wish, you can also connect to my Youtube channel where the treatment will be broadcast live.

Remember to **hydrate** before and after the treatment please.

Feelings may vary from person to person. For example, you can feel well-being, have flashes, feel warmth, or have no feelings, and that's fine too. Everything is fair. In any case, the energy comes to you and will act in the way most suitable for you.

If you remember, you can say mentally during the session the words "**Love Love Love**".

What if I'm not available at that time?

The healing is programmed to be reactivated for 3 days, whenever you want and as many times as you want, by saying the intention: "**I accept the healing sent by Elena**".

Only registered people will be able to benefit from the reactivation of the treatment during these 3 days.
